LEGO EXO-FORCE

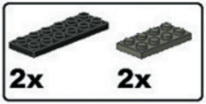

Sets needed:
8100 Cyclone Defender
8102 Blade Titan
8103 Sky Guardian

# SKY TITAN

Flying above the Golden City or defending its gates on the ground, the mighty Sky Titan is built for maximum speed and power. Forged from the parts of three powerful EXO-FORCE battle machines and armed with weapons of incredible golden technology, this legendary guardian may be humanity's best hope to defeat the robot forces. Only the Iron Crusher rivals it in strength.
